

Position **Production Operator**  
Location Casino – Northern Rivers, NSW  
Salary \$44K - \$50K plus Super and plenty of opportunity for overtime

### About Us

Richmond Dairies is one of Australia's most innovative companies. Our products are unique and our methods closely guarded secrets. We are a highly successful company, exporting our dairy products around the globe.

Despite our success we are still a relatively small company. Our size is our strength as it ensures that we are flexible, innovative and small enough to have a real family atmosphere. Our staff are our most valued assets, and we invest everything we can to make our people the best they can be. Family is at the heart of our company and we pride ourselves on offering career development, nationally recognised training, flexibility and family friendly employment to our hard working and close knit team.

We offer all of this in what the locals call God's country. In the heart of the Northern Rivers, nestled between the rainforests and the sea. We have a comfortable climate, low house prices, friendly and welcoming local communities, good schools and a relaxed lifestyle.

This all makes Richmond Dairies a fantastic place to work. We're looking forward to welcoming you into the family.

### You're perfect for us if:

- You've got a great work ethic,
- You're flexible and a quick learner,
- You're able to work on your own,
- You go out of your way to help your teammates,
- You're a natural problem solver,
- You're able to follow instructions.

You will need to be physically able to do some lifting and if you can drive a forklift and have some experience with manufacturing and machinery, then even better.

### We'll be perfect for you if:

- You're looking for long term reliable full time employment,
- You want a career with plenty of training and opportunity,
- You enjoy a very competitive salary with the opportunity for plenty of overtime,
- You're happy to work shifts on a predictable roster. Our operating hours vary based on the dairy season,
- You're looking for a supportive and flexible working environment.
